

## Slot bracket 2 x COM Port with 2 mm pitch

### Description

This Delock slot bracket can be installed into a free slot of your PC and enables you to lead out two internal COM ports in order to connect 2 external serial devices. This slot bracket is compatible to MSI and miscellaneous VIA motherboards, which have an internal comport pin header with 2.0 mm pitch. The standard pin header pitch is 2.54 mm and not compatible to this product.
