

Cable Power SATA HDD > 2x 4pin male/female

Description

This power cable enables you to convert the interface of the common ATX power supplies into the SATA format for the power supply of SATA drives. Due to the additional 4pin 5,25" female connector you can obtain the normal ATX power supply interface, so that you can still provide power for IDE drives.

Ref. 60103
EAN 4043619601035
