

# Delock Heat shrink tube assortment box, dual wall with inside adhesive, shrinkage ratio 3:1 and 4:1, black 116 pieces

## Description

This heat shrink tube set by Delock is used to protect and to insulate cables, electrical tubes or wires. Under the effect of heat, the sleeve completely encloses the cable and shrinks. This protects the cable from the effects of the influence of weather and mechanical damage. The adhesive on the inner wall glues the shrink tube to the shrunk wire or cable.

## Choice of different sizes and shrink rates

This set contains hoses with six different diameters and two different shrink rates that can be used in many different ways.
