

Delock Braided Sleeve made of basalt fibers 2 m x 10 mm brown

Description

This braided sleeve by Delock is made of special basalt fibers and has an excellent temperature resistance, tensile strength, and corrosion resistance to protect sensitive cables, tubes and wires.

High flexibility and excellent resistance

The sleeve is characterised by its high elasticity and flexibility. The special fibers have excellent impact resistance and withstand high loads. The protective fiber jacket offers an optimal chemical resistance to most types of acids and alkalis.

Multifunctional application

This type of braided sleeve is mainly used in the electrical industry and in machinery systems.

Cuttable

With the help of scissors, the length of the braided hose can be shortened individually.

Ø 10 mm / 2 m

Item no. 20887

EAN: 4043619208876

Country of origin: China

Package: Zip poly bag

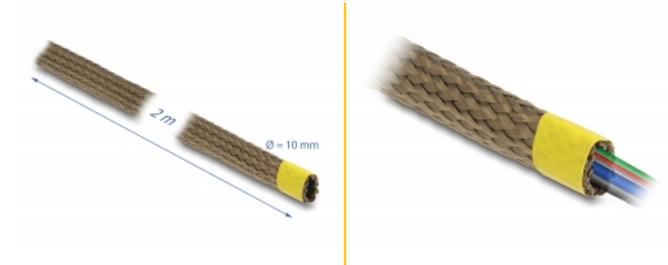

Technical details

- Length: ca. 2 m
- Diameter: ca. 10 mm
- Cable diameter:
min.: 7 mm
max.: 13 mm
- Operating temperature: -269 °C ~ 650 °C
- Fire-resistance rating: 94V-0
- Material: basalt fibers
- Colour: brown

Package content

- Braided sleeving
