

Delock Cable Gland with strain relief PG21 grey

Description

This cable gland by Delock allows a watertight seal to the housing for the lead-through of cables and electrical tubes.

Additional protection through strain relief

Due to the bend protection spiral, the flexible cables are secured and protected from excessive bending, e.g. in the case of moving machine parts.

IP68 dust and waterproof

The cable gland also offers increased protection against dirt and moisture.

Multifunctional application

The robust design is ideal for use in automation, the robotics industry and machinery.
