

Delock Docking Station SATA HDD > USB2.0 / eSATA

Description

This HDD docking station enables an external connection of a 2.5" or 3.5" SATA HDD via USB and eSATA and offers stable hold for your hard disk. This solution does not require any external enclosure since you can just plug in the HDD only into the docking station. The included USB and eSATA cable can be used for connection to a free USB or eSATA port.

Due to the eject button you can easily remove the HDD without causing any damage.
