

Delock Riser Card PCI Express x16 > x16 with flexible cable 7 cm left insertion

Description

The PCI Express riser card by Delock enables the connection of a PCI Express x16 card. This type of horizontal installation is necessary inside 48.3 cm (19 inch) rack mount cases with one height unit, where a vertical installation is not possible due to space limitation.

Note

Delock can't guarantee the function with a connected PCI Express graphic card.

Item no. 89130
