

Delock Converter IDE 44 pin / 1.8" HDD > Compact Flash

Description

This converter by Delock is designed for connection of a Compact Flash card and can replace a 1.8" Hitachi HDD due to its construction. The converter interface fits into the 2.5" IDE as well as into 1.8" IDE port. Furthermore the pilot holes of the board comply with the holes of a 2.5" HDD, so that the converter can be installed e.g. into 2.5" mounting frame and be connected through a IDE 44 pin port. The CF card works like a HDD and enables the installation for a operating system.

Item no. 91665

EAN: 4043619916658

Country of origin: China

Package: Poly bag
